Partnership Advisory Group Meeting

We held our 5th Partnership Advisory Group Meeting in December. This was again very well attended, and featured a presentation from the Jobs Centre Plus Kidderminster surrounding the changes that have been made to the Universal Credit Benefit. It was also a good opportunity to network with many different agencies that work in partnership with Axis Youth Hub and find out what is going on in their organisations. If you would like a representative from your organisation/agency to attend these meetings please get in touch.

Axis Youth Hub were invited to do a presentation at the Young Solutions AGM in October. This was a fantastic opportunity to let people know about Axis Youth Hub, and how we can support not only young people but other organisations through partnership working, and a more holistic approach. The theme of the evening was centred around the five steps to well being: Connect, Be active, Take notice, Learn and Give. All of which Axis Youth Hub

Training with St Basils

The Axis Youth Hub Team joined the St Basils team in training delivered by West Mercia Rape And Sexual Abuse Support Centre, (WMRSASC) on their 'Selfie Project'. This was really informative.
